

**Fig. 3**

40  
40a  
40b

A diagram of a circular structure. It features a central solid circle with eight radial spokes extending outwards. Each spoke is composed of two parallel lines. At the outer end of each spoke, there is a small rectangular component. A dashed circle is drawn around the entire structure, passing through the outer ends of the spokes. A wavy line labeled 'WI' is on the left side, and a dashed line labeled '40' is on the top right side.
